TOURS**

2020

Straddling the equator, 1000 km from the coast of Ecuador on the South American continent, these so-called Enchanted Islands emerge from the vast Pacific Ocean in a seemingly haphazard array of rocky outposts, each as individual as the next.

ABOUT US

36 years of experience and expertise have helped forge our standing as one of the top cruise operators and destination management companies in the country. We own and operate three expedition ships in the Galapagos Islands: the Galapagos Legend for 100 guests (maximum capacity allowed in the Islands), the Coral I for 36 guests and Coral II for 20 guests. All of our vessels operate with high safety standards, the utmost reliability and a sincere commitment to safeguard the fragile ecosystem in which we operate.

In recent years our entire Galapagos fleet has been substantially remodeled, refurbished and upgraded to offer the finest cruising experience available in the islands, yet our *eco-luxury* approach remains ecologically sound and relaxed. Our year-round departures and itineraries highlight the key visitor sites in the national park and extend for 3, 7, 10 or up to 14 cruise nights. We are committed to bring to each and every guest an extraordinary, uniquely Ecuadorian, traveling experience.

FOUR WORLDS, ONE DESTINATION

An unforgettable experience

Ecuador, 'the country of four worlds', hosts some of the favorite tourist destinations on the continent and has regions that are home to unique cultural and natural diversity. Go Galapagos-Kleintours can provide tailor-made tours to individual travelers and groups. The Galapagos Islands were declared a UNESCO Natural World Heritage Site in 1978, followed by the declaration of the islands as a Biosphere Reserve, a whale sanctuary and a UNESCO Natural World Heritage Marine Reserve. Our coastline is incredibly varied, hosting stunning beaches to sunbath, paraglide, swim or stroll.

Humpback whales come to visit every year and breach, fluke and flipper-flap to the delight of all. In the Andes, the vast landscapes of paramo and altiplano, surrounded by majestic, snow-capped mountain ranges and volcanoes, rise well over 5000 meters (16 000 feet). Ecuador's Amazon region, easily one of the most accessible and unspoiled tropical rainforests on Earth, presents an array of National Parks and Biological Reserves, home to the highest biodiversity per unit area in the world.

MINIMIZING
OUR FOOTPRINT

For all of us at Go Galapagos-Kleintours, it is very important that we be environmentally and socially responsible. The details you will find as standard onboard are designed such that at every level we can provide our guests with practical solutions to help minimize any ecological impact.

Our vessels are certified to the highest national and international standards of good environmental practice. Our fleet is operated with the utmost respect for the island ecology. Our aim is to reduce our ecological footprint at every level. In deference to this ethos, our vessels are equipped with state-of-the-art technology in key areas such as waste management, water treatment and energy consumption.

SOCIAL INVESTMENT

Go Galapagos-Kleintours is a proud partner of Galapagos Conservancy (GC). GC works to balance both conservation and community in one of the world's most remarkable ecosystems. Through support from its members, GC works to preserve, protect, and restore the Galapagos Islands and their extraordinary marine and terrestrial biodiversity

through three main conservation programs: Giant Tortoise Restoration, Ecosystem and Species Restoration, and Education for Sustainability. Visit www.galapagos.org to learn more.

Our work in Galapagos goes hand-in-hand with that of the Galapagos National Park Service, an institution key to the well-being of the islands.

Not only does Go Galapagos-Kleintours invest in the betterment of local communities within the islands, but we also have some very successful projects on mainland Ecuador. We have a long history of working with the Karanki Magdalena indigenous community to the north of

Quito. Through multi-level capacitation (in hospitality, tourism, cooking, health and accounting) visitors are now able to immerse themselves in participatory, cross-cultural, family visits with the community to mutual benefit.

Go Galapagos-Kleintours is a proud member of:

GALAPAGOS!

The name alone resonates on so many levels. It is surely a must-see destination on any naturalist's bucket list. Known as the birthplace of the theory of evolution and as a living laboratory, Galapagos is indeed a place where basic evolutionary principles can be observed first hand. Charles Darwin famously visited the archipelago in 1835 onboard the HMS Beagle. He stayed in the archipelago a mere five weeks, yet his profound powers of observation were to change forever the way we have come to understand how life has evolved. As important as it has proved scientifically, the Galapagos will provide any wildlife-loving visitor with a great sense of enjoyment, satisfaction and oneness with the world. We encourage the respectful visitor to come and see the islands for themselves. They are home to an eclectic, incongruous, mix of species. We have some of the largest shark concentrations anywhere, along with sea lions, fur seals and turtles. The islands are a mix of active volcanoes, stunning beaches, a rich ocean and abundant, tame wildlife. In short, Galapagos will not fail to please. Come and see for yourself!

OUR OFFERED
ACTIVITIES

Endless options are available for you to explore the islands. All activities are included except otherwise noted.

THE GO GALAPAGOS
EXPERIENCE

With the first gaze from your cabin's picture windows, as dawn breaks over the Pacific Ocean, the day begins in earnest. While the stress of a chaotic world fades to a distant memory a new and all-consuming reality takes shape as our Galapagos adventure develops. Our options are endless and varied, we might find ourselves strolling amongst nesting blue-footed boobies, sitting quietly watching waved albatross in full courtship display or share a quiet corner of a white-sand beach with relaxed sea lions. Each day the ocean beckons. Some will choose to discover her secrets from the novel perspective of a transparent kayak or, perhaps, the

comfort of a glass-bottom boat. Others will crave the intimacy of diving her depths with mask and fins, to be at one with penguins, green turtles, cavorting sea lions or large schools of surgeonfish. All the while we are in the company of expert naturalist guides and our vessel, a 5-star floating hotel that seems to unobtrusively follow us around in expectation to receive our happy souls back to its comforts. The pool bar, a cold local beer, the jacuzzi, an alfresco barbecue under a star-filled mantle — it really doesn't get much better.

HIKING

Twice-daily excursions ashore to the best visitor sites permitted by the national park. We will always be in the company of an expert naturalist guide. Walks will concentrate on spending quality time

learning about the native fauna and flora. We will have ample time to observe, absorb and photograph. For your convenience, walking sticks are available.

SNORKELING

With snorkeling equipment available onboard (at no cost), we invite you to explore the exuberant underwater world. A naturalist guide will always be present while snorkeling. Our dinghies remain close

at hand for snorkeler's convenience and safety. We will offer snorkeling activities once or twice per day on the best snorkeling spots of the archipelago.

OUR OFFERED ACTIVITIES

GLASS-BOTTOM BOAT

We are proud to also offer our glass-bottom boat to those who might want to stay dry yet still share in the magic of the Galapagos submarine environment! In the company of our naturalist guide you will be taken to the best vantage points to look down into the underwater world.

DINGHY RIDES

We offer guided dinghy tours to extraordinary spots around the islands that are otherwise inaccessible areas.

KAYAKING*

New, transparent kayaks — watch the fish while kayaking! All kayaking activities are in the company of one of our naturalist guides. We supply all necessary kayak and safety equipment.

SCUBA DIVING*

Designed for adventurous and certified divers looking for some of the best diving sites within the Galapagos Islands. Now you can combine our scheduled Galapagos Expedition Cruises aboard one of our vessels with fantastic optional diving tours run by a certified professional divemaster. Included: diving equipment, pick-up and drop-off fees, transportation to dive sites, snacks and beverages.

* Optional activity, additional costs may incur.

SPECIAL INTEREST

Traveling

We offer ample flexibility to adapt any special need or interest of the new traveler. From special activities to dietary needs, we have hosted several types of travelers and made their vacation a truly tailor-made experience. These are some examples of our programs:

ACTIVE TRAVELER

FAMILY FRIENDLY

BIRDWATCHING / ORNITHOLOGIST

PHOTOGRAPHY

SCIENCE & EDUCATION

HONEYMOON

SOCIAL PROJECTS & DEVELOPMENT

CORPORATE TRAVEL INCENTIVES

NATURALIST GUIDES

ONBOARD STAFF

We fully understand how important your Galapagos experience is for you and as such our team of naturalist guides has been carefully selected and trained to make it complete. Having been certified by the Galapagos National Park Service, our expert guides are ready to conduct informative walks covering every aspect of biology, geology, oceanography and human history relevant to the islands. Our group size ranges from an average of 12 to a maximum of 16 guests per guide. English

or Spanish speaking groups are standard and many other languages are available under previous request. Go Galapagos-Kleintours runs a series of specialist conferences, delivered by renowned experts, aimed at the naturalist guides to further expand their knowledge in different fields such as geology, biology, photography, ornithology, and other related studies.

Every crew member is trained to provide a first-class service with exceptional professionalism. Genuinely friendly individuals, fully dedicated to providing the best hospitality services, with attention to detail

and personalized assistance, our crew's passion and commitment create a one-of-a-kind experience for our guests.

A TYPICAL
CRUISE DAY

Armed with snorkel gear, sunblock and camera, we then board our pangas and head towards shore for our morning adventure.

Every excursion is different but might include a visit where we squeeze past boobies nesting on the narrow trail, sit and watch endemic waved albatross absorbed in their intricate courtship ritual, or stare into the eyes of a curious sea lion underwater as it peers into our face mask.

Returning aboard for a sumptuous and buffet-style lunch, we are able to enjoy time to relax in the pool, jacuzzi, or on the deck looking for wildlife and watching the scenery change as we cruise to our afternoon destination.

With every new visitor site being different from the

last, we can once again expect another uniquely Galapagos experience for the afternoon hike. This could quite possibly be followed by another fabulous snorkel with turtles, large schools of yellow-tailed surgeonfish or even penguins! Some might choose to follow the dramatic shoreline in a kayak or effortlessly glide over the sea bed from the comfort of our motorized glass-bottom boat.

Return to the vessel to enjoy a delicious BBQ on deck as the sun sets on the horizon, or a sophisticated à la carte dinner.

After dinner is a time to enjoy one of our many onboard activities, relax or be outside stargazing.

ECO-LUXURY BOUTIQUE

Cruise experience

Providing an ecologically sound cruise definitely does not mean that we have to compromise on bliss! Go Galapagos-Kleintours is acutely aware of the fragility and importance of the Galapagos National Park in which we have been operating and doing things right since 1983.

Some of our eco-friendly practices include that all toiletries provided in our cabins as well as all the cleaning products used during housekeeping are biodegradable and made from natural components. As a complimentary gift, guests will find a reusable bottle in each cabin to be filled at our vessel's potable water stations, thus eliminating the use of plastic bottles.

Our vessels are equipped with sophisticated water

treatment plants to desalinate, filter and purify water for consumable use. The decor of our vessels is acquired from sustainable-certified teak plantations and all our food supply is carefully planned to reduce kitchen waste. We aim to live the present and protect the future.

While being pampered on one of our 5-star boutique cruises, with true local flavor and personalized service, we want you to still feel good about yourself in the comforting knowledge that our sustainable practices will preserve the integrity of the islands for generations to come.

SERVICES ABOARD OUR FLEET

Cabin service and facilities

- Double and triple cabin options
- Two types of pillows
- Complimentary Go Galapagos reusable bottle and bag

THE GALAPAGOS LEGEND

THE GALAPAGOS LEGEND

Boutique expedition cruise ship

This impressive vessel, with capacity for 100 guests (the maximum capacity allowed in the Islands), was extensively refitted in 2017 to better enhance your Galapagos experience. As well as being the fastest cruise ship operating in the Islands, it remains the only vessel with an onboard pool. Fast, sleek and beautifully appointed, it retains a cozy, homely and intimate atmosphere. Its classic yet contemporary interiors perfectly balance the huge and open-deck space.

CHARLES DARWIN
PANORAMA LOUNGE BAR

Among our most exciting new features is the addition of 18 splendid balcony suites, the new Charles Darwin Panorama Lounge with huge floor-to-ceiling windows, and a spectacular alfresco BBQ that offers a unique lifeboat dining experience. We have deliberately incorporated as many distinct niches and atmospheres as possible within the vessel to cater to the varying moods or sense of privacy our guests require. Beyond what you might expect, the Legend is equipped with a glass-bottom boat, transparent kayaks, a kid's corner, a naturalist

center, cinema, a boutique, snorkeling equipment room and a full auditorium facility able to provide for corporate conferences. Whichever of the wide variety of itineraries you may choose, ranging from 3 to 14 nights onboard, we are fully committed to surpass a mere holiday and create a life-changing experience.

With an interior design inspired by Charles Darwin's explorations in the Galapagos, the lounge features a full bar serving a variety of local and international drinks. Equipped with high-end audiovisual equip-

ment, a 24-hour complimentary snack and coffee station, Wi-Fi service, board games, and floor-to-ceiling windows, this is the place to be.

FISHERMAN'S BAR

The Fisherman's Bar features cold, local craft beer, a variety of cocktails and cold sparkling wines to enjoy beside the only shipboard pool in the entire archipelago.

AL FRESCO RESTAURANT

BBQ dinner amid the islands in a buffet-style meal with a great selection of cuts, sea food, vegetables, and salad options. Two lifeboats with tables can accommodate up to 14 people each

for a unique dining experience. Reliant on the weather, this meal in the open space might be subject to change either for breakfast or lunch.

OUTDOORS EXPERIENCE

Our Specialty

- Jacuzzi
- Pool
- Sun Deck Area
- Alfresco Restaurant
- Private Balconies

7244 ft² (673 m²) of outdoor Space.

LONESOME GEORGE

Restaurant

This acclaimed restaurant will surprise you with its wide range of mouth-watering, culinary delights. Using fresh ingredients, we serve a high level of international and local cuisine from our professional

chefs. With an à la carte dinner, we offer a vegetarian and children's menu. We also provide a kosher-friendly option with tableware and a private restaurant available upon request.

BEVERAGE

Packages

Make the most of your cruise experience with our beverage packages that offer a range of soft drinks, local craft beer, a selection of sparkling wines

and classic cocktails to be served at our bars and restaurants.

WELLNESS CENTER

A new line in the Galapagos Legend. Focus on your health and well-being by visiting our installations and services, which include:

- Gym
- Massages à la carte
- Yoga sessions (locations vary)

CORAL I & CORAL II

CORAL I & II

Expedition yachts

The Coral I & II are gorgeous, comfortable sister yachts that offer charming social areas distributed on three decks. Both have outdoor and interior spaces, allowing you to enjoy an intimate expedition experience in your own way.

TIME TO RELAX
AND ENJOY

With a capacity for 36 and 20 guests, respectively, the vessels offer open-deck areas with a jacuzzi to make the best of your relaxing time while cruising the islands. The interiors are thoughtfully designed to resemble a private yacht experience in a cozy ambiance. The restaurant serves delicious

Ecuadorian and international cuisine that even extends to a BBQ dinner on the open-air Moon Deck. They are the perfect cruise vessels for charter groups, where the thrill and comfort are guaranteed.

Take a break in the onboard jacuzzi of the Coral I & II and enjoy the best of our service. The open areas will allow guests to be more in touch with the surroundings and have close encounters with the local visitors. Both vessels offer the comfort of

a small yacht with easily accessible embarkation area, coziness in every deck, ample social spaces for relaxation, comfort and discovery.

SERVICE
AND COMFORT

Social areas, with fine decoration of teak and brass, help make the experience complete, along with outstanding onboard service.

BEVERAGE PACKAGES

Make the most of your cruise experience with our beverage packages that offer a range of soft drinks, local beer, a selection of sparkling wines and classic cocktails to be served at our bars and restaurants.

JUNIOR CABIN

- 15 cabins on the Earth and Sky Decks
- 8 in the Coral I and 7 in the Coral II
- Double and triple options
- 2 picture windows per cabin
- Reusable bottles and crossbody bag as souvenirs
- Average Area 12m² / 128 ft²

JUNIOR CABIN

Schedules and flights subject to airline operation.

COMPLIMENTARY ASSISTANCE FOR PASSENGERS CRUISING ON GO Galapagos-Kleintours' FLEET ONLY IF USING OUR SCHEDULED FLIGHTS

QUITO & GUAYAQUIL AIRPORT

- Free shuttle service in connection with GO cruises. Pick up time from hotels to airport: approx. 3 hours before the flight, from/to specific hotels in Quito and Guayaquil. Reservation is required. Quito: Patio Andaluz, Mama Cuchara, Mercure, Marriott, Swissotel, Dann Carlton. Guayaquil: Palace, Grand Hotel, Wyndham, Oro Verde, Hilton Colon. Pick-up times will be reconfirmed at the hotel the night before the departure.
- GO is not responsible if the passenger misses the shuttle, flight or cruise for failing to show up on time. Arrive at the airport at least 90 min before the flight. Itineraries, flights and shuttle service are subject to change. Check for updates at Go Galapagos web page: www.gogalapagos.com

GALAPAGOS AIRPORT

- Galapagos National Park fee payment (if not invoiced and prepaid by GO).
- Consejo de Gobierno de Galapagos (CGG) pass.
- Baltra and San Cristobal airport assistance.
- Pick-up luggage and deliver to Galapagos guide.
- Transfer to port and dinghy ride to ship.

- The cruise documentation will be delivered on the way to the airport.
- SICGAL inspection for seeds, plants, fruits, etc.
- Counsel of the Government of Galapagos, Migration Control Card (if not prepaid, USD 20).
- At the airport, in the Avianca counter, a GO representative will provide the Migration Control Card (if paid upfront), luggage ID and boarding pass.
- Luggage check-in, 1 piece of 20 kg (soft case).
- Boarding pass issuance.

- Luggage delivery to the cabin by crew members and back to the airport.

ONLINE GO GALAPAGOS-KLEINTOURS AGENT'S TOOLS

Our website features a practical Member's Area that enables agents to manage online confirmation records, travel vouchers and invoices, as well as download itineraries, pictures, videos, and news, by entering a username and password.

Real-time availability: we offer a quick and easy booking engine to sell cruise spaces based on real-time availability by cruise length and type of cabin, discounts and family departures, in the availability section of our website (www.gogalapagos.com).

GALAPAGOS CRUISES 2020 Rates (Gross)

- All-inclusive cruises of 3, 4, 7, 10 and up to 14 nights, with accommodation in sea view cabins with air-conditioning & private facilities.
- Two daily excursions to the islands, multilingual speaking naturalist guides English-Spanish (French, German, Italian, available upon request).
- All meals included, plus welcome and farewell cocktails, BBQ dinner and 24-hours self-service coffee, tea, and snacks.

- Briefings, lectures, yoga, stargazing and other activities onboard.
- Snorkeling opportunities, glass-bottom boat available and optional diving.
- Free shuttle service from Quito/Guayaquil airport (round-trip) when a domestic flight is purchased in combination with GO Cruises. *)

*High season supplement: 5 % over the cabin rate per person.

Jan 01 - Jan 05 / Apr 05 - May 25 / Jul 03 - Aug 26 / Oct 02 - Nov 22 / Dec 18 - Dec 31

*Group and charter rates: available upon request.

*Cruises of 10, 11 and 14 nights also available at discounted rates.

2021 RATES: Upon request

Notes

*: If any other air service than the one given by GO in connection with the Galapagos cruise is used, an operational non-refundable fee of USD 90 net per person will be charged in order to provide the dinghy ride to and from our fleet. GO is not responsible if passengers miss the cruise due to independent arrangements.

**.: During High Occupancy Departures (HOD) cabin category for double share, single and triple accommodation cannot be guaranteed. Go Galapagos-Kleintours will do its utmost to provide the requested cabin; however, if it is not possible, the assignment will be round of the boat based. GO

will refund the proportional amount due to price difference in alternative category and accommodation given, if any. Go Galapagos-Kleintours' general conditions, rates and its updates are published at www.gogalapagos.com and are applicable at the date of travel. Rates subject to change are valid until December 2020. GO rates are guaranteed for the stated period, unless there are steep increases in prices for fuel and logistics, changes in international or local policies and government regulations, or any other event affecting the operation beyond GO's control.

Not Included

Net per person in USD subject to change:

- Air ticket from Quito/Guayaquil to Galapagos: USD 475 per adult, USD 355 per child under 12 years of age, issued by GO in connection with cruise schedules, pre-arranging logistics, luggage and passengers transfers from airports to port-ship and back, documentation to Galapagos. *
- Entrance fee to Galapagos: USD 100 per adult, USD 50 per child under 12 years of age, to be paid in cash upon arrival in Galapagos. If requested this tax can be invoiced by GO.
- CGG Migration Control Card: USD 20 per person.
- Tips, medical services, travel insurance, and others not specified.

Supplements and discounts:

- Single accommodation: 50 % supplement (75 % on holiday season). Limited spaces. To guarantee a specific type of cabin in High Occupancy Departures 75 % supplement. **
- Triple accommodation (one double bed plus sofa bed): 25 % discount for the third adult with two full-fare paying guests.
- Children accommodation under 12 years old:
 - Double: 25 % discount sharing the cabin with one full-fare paying guest.
 - Triple accommodation (one double bed plus sofa bed): 50 % discount per one child, sharing a cabin with two full-fare paying guests. 25 % discount per child, up to two children, sharing a cabin with one full-fare paying guest. On holiday season, only 25 % discount applies for children sharing a cabin with one or two full-fare paying guests.
 - Quadruple accommodation (one double bed, one twin bed, and a sofa bed): available for two adults plus two children under 12 years old. 50 % discount per child, sharing a cabin with two full-fare paying guests. On holiday season only 25 % discount applies.
- *Three children plus one adult willing to share a cabin: 50 % discount will be applied for two children, third child will pay in full.
- Balcony Suite Plus and Junior Suite Plus supplement (on the Galapagos Legend): USD 50 per night per person to guarantee a specific cabin category, over the cabin's net rate (Plus cabins have extra space).

Optional onboard plus taxes

- Wetsuit rental: USD 25 for 3-4 night cruises, USD 50 for 7-11 nights, USD 75 for 14 nights.
- Kayak rental: regular kayak USD 30, transparent kayak USD 40 per use per person. All kayaks are double. Transparent kayak is only available at the Galapagos Legend.
- Internet plans are available on board.
- Alcoholic and non-alcoholic beverage packages upon request.
- Tips: as a suggestion, per day, per person USD 20 for the crew and USD 10 for the naturalistic guide.
- Scuba Diving during GO's cruises: USD 260 half-day tour with 1-2 immersions and equipment included.

Notes:

- Extended cruises: 7 or more nights on board might require change of vessel during the cruise between Coral I and Coral II or Galapagos Legend.

SCUBA DIVING

For adventurous and certified divers looking for the best dive sites in the Galapagos Islands, this service is provided with professional divemasters and instructors. It can now be combined with our scheduled cruises onboard the Galapagos Legend and the Coral I & II. If interested. You can do a couple of dive tours in a day.

Ideal for divers who would like to share with their family and friends, but at the same time want to participate in the exclusive underwater world of the Galapagos.

IT INCLUDES:

- Transportation to the diving site (duration of 30-60 minutes, depending on the site).
- Two immersions per dive tour (duration of 45-60 minutes each).
- Dive equipment (tank, weights, wetsuit, fins, mask, regulator, BCD, snorkel).
- Snack and beverages.

PRICE AND CONDITIONS:

- **USD 260** net per person (additional to the cost of the cruise).
- Minimum 2 pax and maximum 8 pax per diving boat.
- In short itinerary cruises, the dive tour is offered as a pre- or post-activity to the cruise.
- In long itinerary cruises, the dive tour takes place during the cruise days.
- The dive tour, which lasts 4 hours, replaces the scheduled regular visit.
- Diving sites are for reference only and may change depending on special itineraries of providers.

GALAPAGOS ISLANDS

Visitor sites

BARTOLOME ISLAND

Considered the most iconic landscape of the entire archipelago the view from the top of Bartolome Island, overlooking the famous Pinnacle Rock and the austere Santiago Island beyond, is well worth the climb up the wooden boardwalk. This volcanic scene has often been likened to a lunar landscape. Our subsequent snorkel here might put us face to face with Galapagos penguins, white-tipped reef sharks, and playful sea lions.

ESPAÑOLA ISLAND: GARDNER BAY

One of the most stunning beaches in all of Galapagos. The long, white, sandy beach, lapped by turquoise waters is home to a colony of Galapagos sea lions, indifferent to the humans that walk amongst them. The Hood mockingbirds, endemic to this particular island, will be eager to inspect the visitors and satisfy their innate curiosity. Darwin's finches may also join the throng including the reclusive warbler finch. We can also snorkel here from the beach, in the shallows of the bay.

ESPAÑOLA ISLAND: PUNTA SUAREZ

One of the highlight visits of the trip. Punta Suarez seems to have everything - a naturalist's paradise. A slew of marine iguanas and sea lions greet us at the landing site from where our walk continues with close encounters of boobies, endemic lizards, gulls and even a dramatic blow hole. The oldest extant island in the archipelago it is our only opportunity to commune with the endemic waved albatross during their breeding season between April and December. With luck, we can watch their complex courtship display.

FERNANDINA ISLAND: PUNTA ESPINOSA

The youngest island of Galapagos and one of the most pristine in the world. Fernandina is simply the 'marine iguana capital of the world'. This desolate volcanic backdrop is home to a huge concentration of these enigmatic reptiles. Incongruously, sharing the same shoreline, we can find the diminutive Galapagos penguins. Here, we also have the exciting opportunity to snorkel with marine iguanas feeding underwater, penguins, turtles and the bizarre, endemic, flightless cormorants.

FLOREANA ISLAND: CHAMPION ISLET

A truly magical place to snorkel. We would expect to see here green turtles, harmless white-tipped reef sharks, an impressive diversity and abundance of fish as well as some playful sea lions often approaching very close, itching to show off their prowess in the water. Champion Islet also happens to be the last remaining home of the island-endemic Floreana mockingbird which we may be lucky enough to see from our dinghies.

FLOREANA ISLAND: PUNTA CORMORAN

On arriving, the observant visitor will notice that olivine, a volcanic crystal, has proffered a subtle green hue on the dark beach. Our walk takes us past island-endemic Scalesia plants to a large, shallow, lagoon often inhabited by a variable number of shockingly pink greater flamingoes. We continue through a forest of palo santo trees to arrive at a powdery white beach, a nesting area of green turtles. As we paddle barefoot in the shallow water, we will spot diamond stingrays and white-tipped reef sharks.

FLOREANA ISLAND: DEVIL'S CROWN

One of the favourite snorkeling sites in the islands. Devil's Crown, an eroded volcanic cone, is home to an abundance of fish and marine animals. We will swim with big schools of yellow-tailed surgeonfish, salemas and creole-fish and with luck may spot turtles, spotted eagle rays, parrotfish, and even hammerhead sharks! The jagged 'crown' is a roosting area for boobies, noddies, tropicbirds, and frigates.

FLOREANA ISLAND: POST OFFICE BAY

A very short walk from the beach leads us to the famous Post Office Barrel. Claimed to have been first set up in 1793 by Captain James Colnett, it remains the oldest functioning 'post office' in the Pacific. The system was that whalers and fur sealers would leave addressed letters in the barrel to be picked up by homeward bound colleagues. In the spirit of maintaining tradition visitors today will often take letters and hand-deliver them in their home countries.

GENOVESA ISLAND: DARWIN BAY

From within the flooded caldera of Tower Island, we set foot onto a sandy beach to be greeted by swallow-tailed gulls, often said to be the most beautiful gull in the world. Our short, flat, trail leads us past stands of mangroves and saltbush on which we have our best possible looks at nesting red-footed boobies and great frigatebirds. At the tidal lagoon, we may also see the rarest gull in the world, our very own, endemic lava gull.

GENOVESA ISLAND: EL BARRANCO, PRINCE PHILIP'S STEPS

Riding our dinghies to the far side of the caldera, red-billed tropicbirds display vociferously overhead while Galapagos fur seals can be seen on the shoreline. Once at the top of the rocky stairway we are immediately met by Nazca boobies, red-footed boobies, mockingbirds and finches that line our way through a palo santo forest until we arrive at an expansive open lava field. Wedge-rumped storm petrels swarm above the lava where we keep our eyes peeled for short-eared owls.

GALAPAGOS ISLANDS

Visitor sites

ISABELA ISLAND: TAGUS COVE

A well-known hideout and deep-water anchorage in the days of pirates, Tagus Cove was also one of the few sites visited by Charles Darwin and the HMS Beagle in 1835. A beautiful hike leads us past an overview of Darwin Lake and on to a stunning volcanic landscape revealing Isabela island's dramatic northern volcanoes. Once back at sea level, the perfect activity is to snorkel along a submerged wall with turtles, lots of fish, penguins and potentially flightless cormorants. You might even be tempted by a dinghy ride or kayak!

ISABELA ISLAND: URBINA BAY

At the far end of a long, level hike, we arrive at a strange phenomenon where large blocks of coral lie completely exposed after a dramatic geological uplift in 1954. Located at the western base of Alcedo Volcano, we hope to run into a few very impressive land iguanas as well as some of the volcano's endemic Galapagos giant tortoises during the wet season.

ISABELA ISLAND: PUNTA VICENTE ROCA

This is a spectacular visitor site, surrounded by immense cliffs of the eroded volcano. Studded with resting sea birds such as brown noddies and Nazca boobies, we will enjoy them in close proximity from our dinghies. Snorkeling here is superb, with certain species of fish only found in the west of the archipelago. We also have a very real chance of swimming with penguins and potentially a plethora of green turtles.

MOSQUERA ISLET

This tiny, low lying islet, covered in coral sand, is set between North and South Seymour Islands. It is home to a group of sea lions that come to laze on the soft white sand. It is a good spot to observe shorebirds as well as herons, lava gulls, and boobies. Snorkeling or diving here one can often see sharks, rays and barracudas.

NORTH SEYMOUR ISLAND

This flat, uplifted island is an important spot to see both magnificent and great frigatebird males courting the females by clicking, bill-clapping, shuddering and flapping their wings, all while showing off their grossly inflated, bright red, gular pouch. We will also likely see courting blue-footed boobies displaying their unique feet while 'dancing' to a prospective mate. Sea lions, swallow-tailed gulls, crashing surf and distant views of the Daphne Islands top off a great visit.

RABIDA ISLAND

Lying at the heart of the archipelago, this dramatic island, with its distinctive red-sand beach, is home to sea lions, mockingbirds, finches, endemic Galapagos doves and vermilion flycatchers. A walk takes us through a forest of palo santo and cacti to a beautiful overview of the bay. Snorkeling here can be excellent, often with large schools of black-striped salemas, sea lions and the ubiquitous turtles.

SAN CRISTOBAL ISLAND: CERRO BRUJO

From our dinghies, as we head to shore, we are first humbled by the immensity of the stunning cliffs of Sorcerer's Hill. We can enjoy simply sharing the beach with sea lions, snorkeling from the shore or take a walk to a hidden lagoon where we might spot black-necked stilts, ruddy turnstones, whimbrels and white-cheeked pintails.

SAN CRISTOBAL ISLAND: CERRO COLORADO TORTOISE RESERVE

In the moist highlands of San Cristobal, we will visit the giant tortoise breeding center La Galapaguera to witness the most iconic creature of the archipelago in its various life stages. The tortoises wander in a seminatural habitat which lends itself to good photographic opportunities. The aim of the reserve is to help restore populations of the threatened San Cristobal tortoise back into the wild. In town, there are shops to purchase local handicrafts and souvenirs.

SAN CRISTOBAL ISLAND: INTERPRETATION CENTER & FRIGATEBIRD HILL

The interpretation center is full of interesting information and offers the perfect overview of the formation of the Galapagos, its significance in the world, threats and conservation efforts. Followed by a hike to Frigatebird Hill (Cerro Tijeretas) we will have great looks at both species of frigatebird, with the bonus of a beautiful view of the bay below.

SAN CRISTOBAL ISLAND: PUNTA PITT & ISLET

Sea lions will greet us as we land on the beach and prepare for our climb to a high point on the steep eroded tuff cone. This is the only place in the islands where we will enjoy the chance to see all three of the booby species in the same place. The red-foots will be perched on the Cordia lutea and small trees, the Nazcas on the ground near the cliff edge, while the blue-foots will be a little further inland. Frigatebirds will be all around and the views are breathtaking.

SANTA CRUZ ISLAND: BACHAS BEACH

Named for some wrecked World War II barges whose ribs are still visible in the sand, this visitor site offers great swimming, a lovely walk along the shore, and a visit to a lagoon behind the high tide line with wading birds, marine iguanas and sometimes even flamingoes. The two beaches are also favorite nesting sites for green turtles that often leave tractor-like tracks in the sand.

SANTA CRUZ ISLAND: EDEN ISLET & BALLENA BAY

The perfect spot to enjoy our water activities of snorkeling, kayaking or the glass-bottom boat. Expect to see lots of fish species, including king angelfish, surgeonfish, parrotfish, damselfish, rays and sharks. From the land portion of the visit there will be sea lions and basking marine iguanas with herons and turtles in the mangrove areas. We might even discover some antique ceramic relics left behind by previous settlements.

GALAPAGOS ISLANDS

Visitor sites

SANTA CRUZ ISLAND: BLACK TURTLE COVE

Here we can find four species of mangrove in the extensive tidal lagoon system that stretches for almost a mile inland. During our dinghy ride through the labyrinth, we will spot many turtles, herons of several species, sharks and rays. The experience is otherworldly and seems to transport us back to the beginning of time.

SANTA CRUZ ISLAND: CHARLES DARWIN RESEARCH STATION

Once home to the famous Lonesome George, the last tortoise of the Pinta species, the breeding and relocation center is named in honor of his long-time guardian. The center is set in the Galapagos National Park Service where various interpretative buildings are available to visit. The grounds, with large stands of native vegetation, are one of the better places to spot some of the seldom-seen Darwin's finches such as the woodpecker, cactus and vegetarian finches.

SANTA CRUZ ISLAND: DRAGON HILL

Arriving at a small lava dock, our first encounters are with marine iguanas that blend in perfectly to the dark rock. As we walk past large prickly pear cacti, we arrive to one end of a long, sickle-shaped beach with Dragon Hill standing in the distance. Our walk takes us on a circular path, past a shallow lake where flamingoes frequently come to feed. Waders such as stilts, turnstones and sandpipers work the muddy edges frenetically looking for food as we continue inland to a dry, forested habitat where land iguanas nest and burrow.

SANTA CRUZ ISLAND: HIGHLANDS

In the central highlands of Santa Cruz Island, we have our best opportunity to interact at close quarters with totally wild, Galapagos giant tortoises. A short walk among these huge 600 lb reptiles will also offer the chance for more highland species, especially several species of the famed finches.

SANTA CRUZ ISLAND: PIT CRATERS

A visit to the collapsed twin sinkholes (Gemelos) puts us in a stunning forest of the endemic tree-forming Scalesia. Apart from the dramatic scenery, this area is well known for its diversity of passerine bird species.

SANTA CRUZ ISLAND: PUNTA CARRION

This is a rocky cliff that offers the great opportunity to explore more of the various marine biodiversity of the islands. Do snorkeling among a variety of colorful fish, stingrays, and if lucky there could be a chance to see the magnificent white-tipped shark.

SANTA FE ISLAND

After a fabulous snorkel in the turquoise waters of the protected bay, we may have enjoyed time with sea lions, turtles, reef sharks, and spotted eagle rays. Landing onto a sandy beach, we are immediately distracted by the abundant sea lions there with us. We begin a walk past a forest of island-endemic giant Opuntia cacti. Here we search for another island-endemic: the Santa Fe land iguana, paler than its cousins on other islands. Galapagos hawks and even endemic rice rats are also things to look out for.

SANTIAGO ISLAND: BUCCANEER COVE

This is an amazing location, featuring the remains of an eroded shoreline that is home to seabirds, fur seals and the playful sea lions. Its different shapes have been made throughout a process caused by erosion of the waves and the wind. Historically, buccaneers will arrive to this quiet cove to stock up on food and freshwater.

SANTIAGO ISLAND: EGAS PORT

The black volcanic sand sets this landing apart from most. It is best known for the dramatic shoreline where we meet a host of species that chose to live between land and sea. Particular among these are the endemic Galapagos fur seals, which maintain a small colony at the end of our walk. Other species of note include American oystercatchers, sea lions, waders, herons, lava lizards, and even Galapagos hawks. An optional visit takes us to an abandoned salt mine, famous in its day for supplying salt to mainland Ecuador.

SANTIAGO ISLAND: ESPUMILLA BEACH

Espumilla Beach is a white-sandy beach in James Bay that is a popular place among visitors. There are mangroves and a small palo santo forest that lead to salt-water lagoons that are home to wading birds such as flamingoes. In the upper dunes there is a nesting site for sea turtles. A good place to snorkel and see rays.

SANTIAGO ISLAND: SULLIVAN BAY

Although, when viewed from the sea, the site does not look especially interesting, visitors are always totally enthralled by the amazing beds of pahoehoe lava from the recent flow on the island. It is a landscape and macro photographer's dream. The importance of pioneer plants such as the tiny Mollugo will be discussed as we hike over the lava. After our land visit, we can enjoy a refreshing snorkel in the company of sea lions, turtles and rays.

SOUTH PLAZA ISLAND

Sea lions, swallow-tailed gulls, and land iguanas are all present at the landing site. The small island is covered with a carpet of red succulents studded with Opuntia cacti. At the cliff edge, we spend time watching birds fly past at eye level in the updraft. These include frigatebirds, flocks of Galapagos shearwaters and, of particular note, flights of displaying red-billed tropicbirds. Back at sea level, we once again encounter land iguanas, some of which have hybridized with their resident marine cousins.

GO ECUADOR

The travel industry is in a constant state of evolution. People will always seek to travel in new and exciting ways. This industry relies on travel professionals to be innovative and give their clients even more creative trips than the ones that have been booked in past years. Today's travelers want to learn, discover and undergo unique experiences. They are looking for something interactive; they want to know how other people live, go behind the scenes and visit places that tourists do not usually see. An experience can be triggered by anything from one small detail to an overall concept – that's where Go Ecuador by Kleintours comes in. As a destination management company, we offer a genuine interaction with the destination, guaranteeing quality standards, breaking new products and inventive solutions for the most refined travel preferences.

For more information on our Go Ecuador shared and private tours, please visit www.gogalapagos.com

GO BESPOKE

The search for worthwhile experiences through encounters with new places is a main driving force for Kleintours. We truly believe that these components are vital in tourism destination development. Our imagination is vast; we are ready to provide superb and customized experiences through our

development of new trails, new voyages and new itineraries for discerning clients.

We stirred things a bit in regards to our concept and now we are focusing on travelers' interests rather than promoting the region by areas or ecosystems:

ARTS & CULTURE

Arts-and-culture-focused travel experiences designed by Go Galapagos-Kleintours are perfect for travelers seeking awareness and an insider's perspective of a foreign culture beyond the scope of the traditional tour. Highly-respected archaeologists, musicians, and art historians will unveil each destination's charming cities and hidden gems, sharing with you the local flavor, history, art, cuisine, architectural styles, crafts, music and rarely-seen sides of all the visitor sites along the way.

NATURE & WILDLIFE

The beauty of nature can have a profound effect upon our senses; these gateways from the outer world to the inner, allow us to reconnect with nature itself. The variability in both ecosystems and climate has made Ecuador a shelter of biodiversity. Ecuador comprises a small territory that has it all: from the iconic Galapagos Islands to the snow-capped mountains known as the Andes, from pristine tropical rainforest to the mystic cloud forest. Amaze yourself with more than 1500 bird species or even our 3500 species of orchids. Ecuador is the place to enjoy nature and wildlife in style. We aim to minimize our footprint by handpicking our partnerships in terms of sustainable practices, environmentally friendly activities, and community-focused development.

WELLNESS

Wellness is a dynamic process of change and growth. We supply experiences for you to discover your inner self, notice the delicate balance between the environment and ourselves. Get to know the Andean hospitality and revitalize yourself with a special pick of Ecuador's best offer in terms of relaxation, wellness and wellbeing. Adequately balanced experiences include early morning yoga, reiki, personalized therapies, Andean rituals, fresh and healthy food, meditation, wildlife encounters, and comfort. Find your warrior within and access a limitless selection of quality options.

ROMANCE

Our experiences are made up of magical moments. Stroll the beach at sunset or dine under the stars. Spend a leisurely breakfast in bed or settle in with a glass of wine while embracing the natural surroundings. You can even renew your vows or have your wedding ceremony organized on stylish and exclusive scenery. Uncrowded ships, off the beaten track itineraries, eco-luxury balcony suites, and our attentive crew and staff make you feel as in your own private yacht. Indulge in a voyage to some of the world's most beautiful places and discover why Ecuador, the Galapagos and South America are an iconic milestone for a romantic getaway. Fall in love all over again and bring home memories to cherish for a lifetime.

GO BESPOKE

CULINARY / FOODIE

The local cuisine will give you a direct and authentic connection with the destination. Come and explore selected wineries and breweries, sample the famous 4 regions tasting menu, evoking Ecuadorian 4 worlds in 16 courses, indulge in the fresh farm to table options or take cooking lessons in the culinary destination of your choice. Experience local heritage, culture, and people through food and drink.

FAMILY FRIENDLY

The adventure of a lifetime awaits on a bespoke travel family vacation designed for you at Kleintours. Let each destination come to life for you and your family as every moment is custom created to your preferences and everybody's interests. Like an action adventure story or a fairytale, our seasoned destination experts know the ins and outs of each place you want to explore and are on hand to meticulously plan the customized travel program that will make your family travel journey into the unforgettable trip you will all hold dear always.

ADVENTURE

There are so many benefits to taking an adventure tour, including discovering places you might not otherwise find out about, traveling with like-minded people and having an unforgettable time. From more gentle activities like going for an easy hike through spectacular scenery, to horseback ride in the Andean Range or even bike your way down to the Pacific Coast, our adventure tours offer something for everyone and for every pace.

THE ANDES

Quito and surroundings

The cultural heritage of Quito, Ecuador's capital, is of such importance, that it was the world's first city to be declared a UNESCO "World Heritage Cultural Site" back in 1978.

Quito showcases the most important and best-preserved colonial center in Latin America. Churches bathed in gold, convents constructed with massive hand-carved baroque doors, entire city blocks of Spanish-style villas featuring charming geranium-filled balconies and hidden courtyards, this city is truly an amazing place.

The Equatorial Line (from which the country derives its name) is celebrated by an ethnographic museum, interpretive centers, handicraft shops, and restaurants. Enjoy posing for a photo with one foot in the southern hemisphere and the other in the north!

PAPALLACTA & ANTISANA VOLCANO

Natural thermal springs surrounded by paramo, primary elfin forests of Polylepis trees, rivers and lagoons await you less than two hours east of Quito as a resting spot on the way to the Amazon. Close by lies the Antisana reserve, taking its name from the imposing Antisana Volcano, the fourth-highest snow-capped mountain of Ecuador, that stands proudly as its centerpiece. Home to the emblematic Condor, (*Vultur gryphus*) more and more frequent sightings are now possible with continuing conservation efforts. Within the area we can find a wealth of both endemic and native species of Andean flora and fauna.

OTAVALO & THE CHASKI ROUTE

Imbabura is known as the 'Land of lakes'. On the way from Quito, you can admire permanently snow-capped volcanoes such as Cayambe or the dramatic Mount Imbabura that guards the entrance to Otavalo. Just 2 hours from Quito, Otavalo is the largest indigenous market in South America. A potpourri of a stunning variety of traditional tapestries, blankets, colourful sweaters, hammocks, leather goods, carved wooden sculptures, Andean musical instruments and even jewelry are available as part of the astonishing number of crafts on offer.

The 'Chaski Route' takes us to the far north where we can visit Salinas de Ibarra, an Afro-Ecuadorian community just one hour and a half hours by train from Ibarra. The stunningly beautiful, 26 kilometer (16 miles), train ride passes through sugar cane plantations, magical landscapes, tunnels carved into the mountainside and crosses bridges that span fabulous canyons. We will enjoy delicious local cuisine at the community restaurant, entirely remodeled by our team Go Galapagos-Kleintours and currently managed by the community.

MINDO

Mindo, a mere hour-and-a-half drive from Quito, has received world acclaim for its many orchids and three dozen species of hummingbirds. You may be lucky enough to spot the olinguito (*Bassaricyon neblina*) the first new carnivore species to be discovered on the American continent in 35 years. Multiple winner of the global 24 hour bird diversity competition Mindo is a haven for birdwatchers and general naturalists alike. Here, you can hike through moss and fern draped forests, kayak the white-water rivers, bathe in crystal clear streams or watch the jaw-dropping display of the Andean Cock-of-the-Rock, all while enjoying the setting of a misty and magical cloud forest.

KARANKI MAGDALENA

Indigenous community

The Karanki Magdalena community project, promotes cross-cultural experiences for travelers from around the globe. Magdalena, a rural highland village, is home to the Karanki culture, Go Galapagos-Kleintours has set up an interactive community tourism experience, where guests may

participate in the everyday activities of the community. We offer a variety of outdoor excursions or overnight stays in family homes, an innovative combination of comfort and authentic living.

There are plenty of activities to enjoy while spending time with the locals or visiting their surroundings. Within the community, you can practice your shepherding skills, milk cattle or learn the secrets of the local cuisine. Take a class of traditional embroidery or help out by feeding the farm animals. We offer 'soft adventure' cycling tours, hikes up Cubilche Hill, or horseback riding through the green and fertile terrain.

This is the best opportunity to appreciate the stunning scenery that the Ecuadorian highlands have to offer while interacting with the friendly local people.

THE AVENUE OF
THE VOLCANOS

Heading south of Quito, our drive takes us along the "Avenue of the Volcanos" passing fertile, inter-Andean, valleys and small towns surrounded by an

amazing highland landscape dotted with a string of snow-capped mountains and active volcanos.

CUENCA

Cuenca, where locals 'sing' as they talk in their uniquely Cuencan melodic speech. The city was declared by UNESCO as a 'World Cultural Heritage Site' in recognition of its perfectly preserved colonial architecture and historic churches. A visit to the

Inca ruins of Ingapirca, the northern headquarters of the Incan empire, or the towns of Gualaceo and Chordeleg, are included in our excursion and definitely not be missed.

THE AMAZON JUNGLE

Ecuador's rainforest is one of the most exuberant in the world yet at the same time, one of the most accessible and hospitable. This lush, verdant rainforest is home to nearly 600 species of birds, close to 200 species of mammals (including monkeys and jaguars) and approximately 83 species of reptiles (including huge anacondas) equating to one of

the most diverse ecosystems on the planet. Add to this impressive inventory the local communities and native tribes (some of them still uncontacted and living in voluntary isolation) our slice of the vast lowland Amazon rainforest is nothing short of spectacular.

THE PACIFIC COAST

Guayaquil

The largest city in Ecuador. Guayaquil is a modern metropolis set at sea level along the banks of the majestic Guayas River.

It is the principle port of Ecuador, sometimes referred to as the 'Pearl of the Pacific'. The main attractions are the "Malecón 2000", Parque Centenario (a centrally located park full of green iguanas) and "Las Peñas" neighborhood, which was an original Spanish

settlement. In all of these very social spots, you can find a variety of restaurants offering exquisite local dishes, entertainment venues, bars, shops, museums and attractive riverfront landscapes.

GO PACKAGES

(Galapagos - Ecuador - Peru)

Our best sellers, we can arrange unforgettable experiences in mainland Ecuador and Peru as set departures that run year round. These departures perfectly combine our land product development with our Galapagos cruises. These are packages highlighting the best of the astonishing natural sites, the rich culture and history, adventure, and inter-cultural exchange that these South American gems have to offer.

We have put together a series of market-specific sample itineraries for your use. The itineraries incorporate key attractions with a curated selection of our best sellers and authentic experiences to provide your clients with a more holistic appreciation of Ecuador & Peru. These Itineraries are samples of what could be arranged for your group tour. Any additions or changes can be made to suit your needs.

GO PACKAGES

Get the best from both worlds! These are our recommended tours that we have prepared for vacationers that want to have a more complete travel experience. Our all-inclusive Go Packages are a favorite amongst our clients due that they mix an unforgettable luxury cruise in the Galapagos Islands with amazing inland landscapes and cultural experiences in continental Ecuador and Peru.

GO SOUTH AMERICA

Nestled between the Caribbean, the South Pacific, and the South Atlantic Oceans, South America is the wilder of the Americas, and a continent of superlatives. South America's contrasting cultures and landscapes — from torrid desert and steamy jungle to snow-capped Andean peaks and famous unspoiled Archipelagos like Galapagos or Paracas; make a destination that could be considered as one.

Extending your visit to other South American countries with us has never been so easy. We constantly design and arrange tailor-made tours throughout the continent based on the specific requests of our guests. We operate and promote South America under a mix and match basis which implies the utmost quality and functionality. We assure that every set of itineraries; we've developed, fits seamlessly the clients' needs. Sleek or elegant, luxurious or classy, simple or clean-cut, we have it!

GO Galapagos-Kleintours

General Conditions

The terms and conditions described herein apply to all services, cruises, and programs booked with **GO Galapagos - Ecuador GGE Cia. Ltda.** hereinafter referred to as "GO" and/or Kleintours y Representaciones Cia. Ltda. and/or Galapagos Corporación Turística Galatours S.A. and/or Kleintours SL, we might also refer to these companies as "KT Group". These terms and conditions shall also apply to any third-party program or services sold or arranged by GO. Any trip member, traveler, customer or any person or company that hires services shall be referred to as "user". The user of GO services agrees to be bound by the present "Terms and Conditions" and any other change that might be updated in the future on the website at www.gogalapagos.com or www.kleintours.com, which are valid at the time the service is provided. Any deposit or payment for services to GO constitutes joint acceptance by the customer and the end user of terms and conditions described in the present document. All users of GO's services are responsible for reading and understanding this section.

RATES & CONDITIONS

GO published rates are GROSS. Airfares, taxes, and extra charges are NET. Exceptions may apply. GO rates are guaranteed for the stated period, unless there are steep increases in prices for fuel and logistics, international or local policies and government regulations, exchange rate fluctuations or any other event affecting the operation beyond GO's control. If there is any adjustment, it shall be reported when a firm booking with full payment is received. All items not specifically included in the itinerary must be paid directly by the passenger. GO accepts no responsibility for discrepancies between verbal quotes and written quotes. After full payment has been made, all information contained on GO's voucher of services and/or invoice is considered correct.

Sales performance is constantly monitored and, if goals are not reached, GO reserves the right to revise net rates for any new booking or space held without the required deposit.

1. BOOKING GUIDELINES

GO must be advised in writing about all reservation requests, changes in reservation, deposits and/or payment. Reservations shall be confirmed when total payment is credited to "KT Group" accounts. The client is also responsible for double-checking vouchers and pro forma invoices quoted by GO at www.gogalapagos.com, "Members" Area".

For **groups and charters**, monthly sales reports are mandatory: number of passengers, type of cabins/rooms, must be updated in writing. If a group size increase is requested, spaces will have priority for confirmation according to availability. If sales report is not received during the first 10 days of the month, GO reserves the right to reduce the spaces when occupation is high. No groups, charters or space allocations can be held during holidays such as Easter, Christmas and New Year periods due to limited availability; spaces will be granted for individual passengers with full payment.

1.1 Submit passengers' information: Once a reservation is confirmed, rooming list and passengers' information must be submitted exactly as shown in the passport. To issue final confirmation of services and to comply with the Galapagos National Park and Government Council requirements, final rooming list and passengers' data must be submitted up to 61 days before the tour date. Use the Excel format sent with each confirmation and fill it out with the passenger's information data. No other chart or format can be used for this purpose.

1.2 Waiver of Liability forms duly signed are required along with passport's copy in the following cases:

- Children under 12 years old; along with a copy of legal representative's passport.
- Passengers with special needs including physical disabilities or health problems: For passengers and suppliers' safety, GO reserves the right to decline the provision of services in case physical condition information has been distorted, or omitted.

c) Scuba diving and other sports or adventure tours: Trip members are responsible for selecting a trip that is within their abilities and to decide if their participation in the tour is safe as they will have to engage in activities that can often involve speed, height, a high level of physical effort, and sometimes specialized training. International Diving License is required in order to confirm scuba diving options. PADI Open Water Diver course and a minimum number of immersions might be required depending on depth and/or immersion time, intermediate or advanced level, on programmed dives.

1.3 Special requirements: Diet or allergy requests should be notified on the passengers' information form to GO up to 61 days before tour departure date. GO shall do its very best to meet reasonable special dietary needs; some, however, cannot be guaranteed. In certain cases, GO might need further information such as height, weight, physical condition, etc., to be able to provide the best accommodation and services for the user.

2. DEPOSIT, PAYMENT AND CANCELLATION POLICIES

GO shall proceed to book space when deposit/payment conditions are fulfilled. All payments must be made to "KT Group" accounts within the time-limits indicated, otherwise the space that has been booked could automatically be released, deposits forfeited, or might be listed on first pay/first served basis. A yearly floating deposit might replace individual ones. Ask for particular conditions.

When a Galapagos cruise departure or third-party service reaches "**High Occupancy Departures**" (HOD) status, GO reserves the right to ask for an extra non-refundable deposit or full payment. If the "HOD" notification is not accepted by the customer, the requested space will be listed only. Space will be confirmed if available when full payment is credited. During a HOD, cabin category for double share, single and triple accommodation cannot be guaranteed. GO will do its utmost to provide the requested cabin, however, if it is not possible, assignment will be round of the boat based. GO will refund the proportional amount due to price difference in alternative category and accommodation given, if any.

In case of **groups and charters**, deposits and monthly sales reports are mandatory.

All **changes and cancellations** must be notified in writing to be considered and accepted by GO; the user must request a written confirmation from GO's side informing that the cancellation notice was received and that spaces have been released accordingly. Penalties might apply. The cancellation fees shall be debited automatically from the deposits or payments. If a booking agent guarantees a reservation without payment, the invoice must be honored in case services are cancelled. Remaining balances shall be credited to future bookings with a credit note, or will be used as a part-payment for the spaces that remain held if any.

Last minute requests: Priority is given after full payment is credited on a first paid/first served basis.

2.1 Galapagos Cruises

a) Individual Passengers & Groups

Deposits and Payments:

- To confirm a booking, a deposit of USD \$500 net per person per short cruise is required. If the deposit is not credited, the reservation shall be given a "priority two" status. During Peak Seasons (Easter, Christmas, and New Year) deposit is non-refundable.
- Total balance must be fully credited into "KT Group" accounts up to 61 days prior to departure.
- Conditions for High Occupancy Dates (HOD) apply.

Cancellations and penalties:

- 121 days prior to departure, spaces can be released without penalty.
- 120 - 61 days prior to departure, USD \$500 per person per short cruise shall be charged for any space released.
- 60 days prior to departure, reservations shall automatically be considered as firm; therefore, 100% of the total negotiated rate of the cruise will be charged and withheld if the booking is cancelled.

Changes: Rather than cancelling services, we suggest rescheduling the cruise date, or changing the name in the same held departure, under the following conditions: Between 120 and 61 days prior to departure, a USD \$150 penalty per person per short cruise shall be charged. Between 60 and 31 days prior to departure, a 20% discount will apply for new reservations involving date change with the same names. Balance will be forfeited. Price adjustments apply depending on available date, ship, and cabin(s). Above conditions do not apply on HOD departures.

b) Charters or Half Charters

Deposits and Payments:

- 20% deposit of the total charter rate is required to confirm reservation. If the deposit is not credited, space will be placed as requested only.
- 30% deposit of the total charter rate is required 181 days before the date of departure.
- Remaining 50% balance must be paid 91 days before departure date.

Cancellations and penalties:

- 301 days prior to departure a charter can be released without penalty.
- 300 - 181 days before departure date, a full charter can be changed without penalty to a half charter rate for the m/v "Galapagos Legend" (50 passengers); applying group rate for m/y "Coral I" (18 passengers) and m/y "Coral II" (10 passengers). If the cancellation is in full, 20% deposit is forfeited.
- 180 - 91 days prior to departure, 50% deposit is forfeited.
- 90 - 0 days prior to the departure, full cancellation fees apply.

c) Promotional deals (non-refundable)

Immediate non-refundable full payment is mandatory. Special deals apply to new bookings only. Spaces are limited. Promo deals might be modified or withdrawn without previous notice. Different offers cannot be combined.

2.2 Third party services

- **Land services:** Individual operation, payment and cancellation conditions apply for each supplier.
- **Air tickets:** shall be processed only when the requests are in firm and tickets will be issued only with full payment. Galapagos air tickets are issued 30 days prior to departure and are not refundable.
- If the booking is cancelled within 30 days prior to the beginning of the tour, 20% of the total negotiated rate will be charged.
- **Taxes and entrance fees** are refundable up to 10 days prior to travel date.

2.3 Payment Process

Payments can be made only to the account specified by "KT Group" in U.S. Dollars. Major credit cards and PayPal payments are accepted, request for conditions. Any extra expense for transferring funds must be covered by the user and included in the payment. GO must receive notice of payment to be able to check when money was credited. Booking shall be confirmed once the money has been completely deposited into "KT Group" accounts. Otherwise, GO reserves the right to render the requested services, place said booking under request, refuse services, or request payment directly from the passenger, who is held jointly liable for all terms and conditions stated in these policies and in our agreements or quotations. Priority shall be given to bookings that have been paid in full. Services shall be confirmed on a first paid/first served basis.

2.4 Refunds and compensation

As a basic principle, no refund will be made for any unused service such as hotel or cruise accommodation, service or transportation. If a refund is obtained, however, there may be a fee withheld for administrative charges.

GO's **responsibility** will not extend beyond this refund, and no payments will be made, or compensation given, in respect to claims for contingent liability or inconvenience experienced by users. No refund can be made for lost, mislaid, or destroyed tickets or vouchers, or for lost property.

Any **complaint** the user might have while on holiday, must be expressed in writing by the passenger and addressed to GO's main office within 30 days of the termination of the tour, in order to duly process it. The complaint must also be expressed on the comment cards provided by GO for mainland services or cruises, and include supporting documentation. GO shall not accept responsibility for claims received after this period. No claim or refund will be granted for any extra or optional service that for any reason could not be provided.

No refunds shall be made for any **missed service or extra expenses** except for those where it is possible to substantiate that they were the operator's responsibility. Any adjustment shall be considered only on the basis of the current prices directly involved.

GO will not be held liable for any consequences or expenses incurred for any changes, cancellations, accidents, injury, death, etc., caused by any disability, whether it has been reported to GO or not. No refund will be forthcoming for missed sightseeing or meals, early/late departures or visits that were not enjoyed by the user. All refunds shall be endorsed by a credit note to future bookings that must include a Galapagos Cruise.

GO is not liable for complaints or refunds for services not provided when the information detailed as "special requirements" on 1.1, 1.2 and 1.3 is not sent, or does not arrive on time, or due to limitations of the properties involved such as during high occupancy departures, when a cabin/room category for double share, single, and triple accommodation, cannot be guaranteed. Should a passenger's accommodation be changed, the customer will be contacted prior to the scheduled departure date and GO will refund the proportional amount due to price difference, if any, for alternative service, category, or accommodation given.

3. GUIDES AND GROUP LEADERS

GO complies with all national **tourism regulations**. All guides are highly knowledgeable of all areas that the passengers will be visiting as part of the programmed itineraries. GO provides tourists with experienced guides who are fluent in English and Spanish. German, Italian and French guides are provided only if available, when groups exceed 6 passengers on board GO fleet, conditioned to a non-refundable deposit. The guide may provide assistance, information and interpretation in two or more languages at the same time. No refund nor compensation will be made if at the time of tour the guide in that language was not provided.

Tourists must facilitate the work of guides and drivers by complying with the following: handing over vouchers when requested, respecting pickup times when transfers are required, and complying with local rules and regulations and all instructions that are given.

The customer recognizes that any local or foreign **group leader** being provided by the customer is not allowed to operate and act as a guide on Ecuadorian territory and/or the Galapagos Islands. The group leader must comply with all requests put forth by the local guide authorized by GO, and will otherwise be able to coordinate all steps in accordance with contract terms.

Group leaders shall not be able to change the itineraries presented by GO, or other itineraries operated by GO, without the prior written authorization of GO. Group leaders are forbidden to offer alcoholic beverages or any other substances to guides, drivers, crew members, or any other staff member of the tour.

GENERAL RESPONSIBILITIES

4. INSURANCE

It is obligatory for all passengers using any GO services or third-party services arranged by GO to obtain necessary insurance before arriving in Ecuador. Insurance is not included on GO cruises and tours. We highly recommend coverage for travelers and property, as well as for trip delays, trip cancellations, interruptions, lost baggage, life insurance, medical, accident, sickness, etc.. GO equipment meets local insurance law requirements for their operation only.

5. OPERATION SAFETY

GO has **certified ships and yachts** that comply with international standards and regulations. GO ships, yachts, and buses meet all national safety regulations and legal requirements.

If a **passenger is believed to be a hazard** for himself/herself or others, or causes disturbance to other passengers, the GO representative, the ship's captain, or the tour guide, may refuse the passenger or terminate any cruise or mainland program for that passenger at any time, at the complete risk and expense of the passenger.

For safety reasons, GO will not admit on cruises or mainland tours any passenger carrying firearms or sharp weapons that could cause any injury to himself/herself, or other passengers, crew, flora, or fauna. Forbidden articles include guns, knives, compressed gas, corrosive substances, poison, explosives, firearms, ammunition, fireworks and flares, inflammable liquids and solids, radioactive materials, and oxidizing materials.

- GO reserves the right to refuse, revoke, accept or prevent the further participation of any person whose actions impede trip operations, or jeopardize the rights, or welfare, of other groups members or interfere with their enjoyment of the trip, who might be a hazard to himself/herself and others, harm nature, or violate regulations. GO also reserves the right to refuse, revoke, accept or prevent the further participation of any person it deems incapable of withstanding the hardships or meeting the requirements of participating in the activities that have been planned or contracted.
- GO shall not be required to refund any portion of the rate paid by any passenger who must leave the cruise, or mainland service prematurely, for any of the reasons specified above. Therefore, GO will not be responsible for accommodations, meals, return transportation or other expenses incurred by the passenger for these reasons.
- GO shall not be held liable for the actions or activities of any passenger who consumes, purchases, or obtains, by any means, alcoholic beverages or illegal drugs. Illegal drugs are strictly forbidden on board or during GO's mainland excursions. Illegal drug possession shall be reported immediately. If detected, the cruise or tour will be terminated immediately for that person and all money paid forfeited.

Any **physical disability or health problem** that might require special attention or treatment, should be reported in writing to GO. **In these cases**, GO reserves the right to decline the provision of services.

- GO will not be held liable for any consequences, or expenses, incurred for any changes, cancellations, accidents, injury, death, etc., caused by any disability, whether it has been reported to GO, or not.

No refund is applicable for **missed sightseeing, meals, early/late departures and visits** that were not enjoyed by the user. GO shall not be held liable for the provision of medical care during the trip.

6. THIRD-PARTY SERVICES

GO acts only as the agent for the owners, contractors and suppliers, providing means of transportation and/or related travel services including adventure sports and scuba diving activities, and therefore it cannot be held liable for injury, loss, or damage to person or property in connection with any service resulting directly or indirectly from, but not confined to, detention, annoyance, delays and expenses arising from quarantine, strikes, pilferage, theft, force majeure, failure of any means of transportation, or conveyance to arrive and depart as scheduled; civil disturbances, terrorism, government restrictions or regulations, and in-transit discrepancies or changes on aircrafts, cruises, hotels and any other services or location, for incidents such as airline cancellations, re-routing, delay, or any disruptions of schedule, service or accommodation, for baggage lost by airlines or the independent tour operators who handle overland transfers or arrangements.

- GO is not responsible if a transfer, hotel accommodation, flight connection, or any other service is missed due to delayed or cancelled flights. Alternative transportation, hotel accommodation, additional services or flight reschedule shall be arranged and paid directly by the passenger, or through the issuing Travel Agent.
- GO is not responsible for the acts and/or omissions of providers (third-parties) or for any loss, damage, or expense the user may incur as a result of the acts and/or omissions of service by the third-party.
- GO and its associates act only as agents for passengers in matters pertaining to transportation, accommodation, or other services. As agents, tickets, exchange orders, or vouchers, if issued by GO, are subject to each and every term and condition under which such means of transportation, accommodation or other services are offered or provided.
- GO will not be held liable for, and travelers will release GO from, any injury, damage, loss, accident, delay or irregularity which may be caused by any such third party, person, firm or corporation in carrying out, or failing to carry out, arrangements previously agreed upon, or for the misconduct, whether willful, criminal or otherwise, of any such third party, person, firm or corporation in providing or failing to provide services.
- GO might book hotels on the Galapagos Islands (check section 2.2 for details); however, land-based tours are not sold or provided by GO due to quality control and restricted regulations. GO might refer providers only.

7. RESPONSIBILITIES AND LIMITATIONS OF LIABILITY

These General Conditions also apply to third parties buying services from agencies, wholesalers, and operators acting as intermediaries, via internet, or any other instrument approved by GO. The customer accepts the general "Terms and Conditions" published and updated by GO at: www.gogalapagos.com and declares that he/she has read, understood, and accepted them in their entirety without entitlement to claims and that he/she is fully responsible for transmitting them to end users so that they will be appraised by them.

- GO refuses any and every liability from any and all claims that might be filed for loss or dam-

age to **baggage or property** of the passenger; personal injuries, death, or delay as a result of the acts, omissions or negligence of any independent contractor or supplier, such as, but not confined to: airlines, cruise ships, hotels, restaurants, transportation providers, and other services or facilities.

- GO refuses any and every liability for any **accident** stemming from the practice of scuba diving, water sports, hikes on the islands or the mainland, or other activities outside our facilities. GO shall not be held liable for any loss, injury, death or harm unless it was caused by GO's negligence when using GO's own facilities in which case liability shall be subject to local laws and regulations.
- GO may accept **children** as passengers for its Galapagos trips or on mainland Ecuador, but shall not be held liable for any accident that might occur to minors. Children are the sole responsibility of their parents and/or legal guardians.
- The **passenger is responsible**, and pledges to compensate GO, for all penalties, fines, losses of money and/or expenses incurred or imposed by virtue of any act, omission, or violation of law by the passenger and for any damage to the ship caused by any willful or negligent act or omission on the part of the passenger.
- GO reserves the right to **take photographs**, shoot films and publish comment cards of any trip and its participants, and may use any such material for promotional and/or commercial purposes. The videos or photos that might be used by the passenger for commercial purposes require prior specific authorization from National Park authorities.
- Passengers must be in **sound health and physical condition**. Trip members are responsible for selecting a trip that is within their abilities and interests, and to decide if their participation on the tour is safe as they will have to get on and off the yacht or ship from a small dinghy, swim among wildlife, rocks and in open sea, dive in the ocean, climb up and down during hikes, walk over uneven terrain, travel by maritime transportation, car and bus, and engage in adventure activities. Nevertheless, **IN NO CASE SHALL GO BE HELD LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES**. GO reserves the right to restrict the participation of passengers on hikes if they entail any kind of imminent hazard for the passenger or other group members, and the passenger who is disembarked is fully liable for all related risks and costs.

No employee, attendant, agent or associate of GO may change any of the previously listed booking conditions without the prior written consent of the Board of Directors.

Operation Guarantee

GO will endeavor to **guarantee tours** as far in advance as possible. Some tours, however, cannot be guaranteed until 15 days prior to departure. Should a passenger's program or service be cancelled due to lack of enrollment, for commercial reasons, the customer will be contacted prior to the scheduled departure date. The program or service may be re-booked, or GO may refund the total payment made for the service not provided.

Changes to the itinerary may be made when deemed necessary or advisable by GO, including substitutions for comparable hotels, yachts or vessels, attractions, sightseeing or transportation units. Extra costs due to unexpected changes to the itinerary for reasons beyond our control are not included. (If an upgrade is required, higher rates may apply.)

Any major changes will be advertised as soon as possible before departure. The user may choose between: a) accepting the change, b) accepting any alternative tour offered, or c) a refund for the service not given. Refunds will be made as a credit note directly to the tour operator involved, or the paying party (check section 2.4 for details). If the customer decides to take the alternative offered, no further refunds or credit will be allowed unless so specified in writing. GO will not be held liable for any further claims. To uphold the safety and security standards that are required and to improve services, maintenance of units and dry dock might be effected without prior notice.

If it is not possible for GO to operate the contracted cruise or tour for causes beyond its control, within 24 hours after the departure date, the cruise/tour may be cancelled and the money paid will be refunded. In case of damage to the ship, which cannot be repaired within 24 consecutive hours, GO will refund the proportional amount paid from the time the ship was disabled or the tour operation cancelled. In cases of force majeure or for commercial reasons, GO is entitled to provide a similar ship/yacht, price, or tour arrangement, if available, and reserves the right to substitute it for a similar one, with or without prior notice.

In **force majeure situations**, GO reserves the right to withdraw a tour either completely or any part of it, to make alterations as deemed necessary, and to pass on to tour members any outlays caused by delays or events beyond its control.

All **airfares, taxes, schedules, ports of departure**, time of arrival/departure and special programs are subject to change without prior notice. Local flights allow one piece of checked soft luggage weighing 20 kilograms.

The **Galapagos cruise itineraries** are subject to change without prior notice or can be operated in a different sequence. All Galapagos itineraries are under the direction of the Galapagos Park Administration, or can be changed at the captain's discretion.

Mainland tour itineraries are also subject to change when there are bad weather conditions, strikes, natural events, or force majeure events beyond GO's control, or if a minimum number of participants is not secured. GO reserves the right to change the itineraries and offer the best available alternative for passengers. On dates including, but not limited to, religious holidays and national celebrations, some churches, museums, monuments and sites may be closed.

There is no guarantee that specific **wildlife** shall be observed during a particular mainland tour or cruise. All sightings and optional activities are subject to environmental, and operational conditions and passengers' physical conditions.

Any **independent arrangements** that the passenger may partake locally, that are not included in the program contracted with GO, but are rather provided by an independent airline, operator, or local supplier, shall be the passenger's sole responsibility, who is fully liable for all related risks and costs that must be paid directly to the organizer. GO does not supervise or control this portion of the program and cannot be held liable for delays and expenses arising from any act or omission of the organizer, or any other party connected with it. Therefore, GO reserves the right to decline the provision of services in connection with passenger's independent arrangements.

GO reserves the right to change **transportation and guides** during the operation of the tour in case of force majeure situations, guaranteeing GO's quality standards.

8. JURISDICTION

This present agreement shall be governed by Ecuadorian Law and therefore interpreted within the framework of this law. In the event of a dispute between the parties as a result of the present agreement, if it has not been resolved amicably between the two parties, both GO and the customer shall be subject to the jurisdiction of the Arbitration Court of the Chamber of Commerce of Quito (CCQ), pursuant to the regulations of the Ecuadorian Arbitration Law. The rules for the arbitration process shall be as follows: the parties waive ordinary administration of justice and are bound to accept the rulings issued by the Arbitration Court. The Arbitration Court shall be comprised of three (3) members. The arbitration process shall be in Spanish and shall be conducted in the Arbitration Center of the CCQ and shall be confidential. All parties must cover corresponding fees and charges.

ECUADOR TRIP PLANNER

Ecuador is a one-of-a-kind country where four worlds coexist in a unique way. The Pacific Coast, the Andes, the Amazon region and the Galapagos Islands constitute Ecuador's geography and cultural identity and make it, beyond any doubt, a destiny appropriate for every taste and a once-in-a-lifetime experience.

ONLINE GO GALAPAGOS-KLEINTOURS AGENT'S TOOLS

Our website features a practical "Member's Area" that enables agents to manage online, the confirmation record, travel vouchers and invoices, as well as download itineraries, pictures, videos and news, by entering your login & password.

Real-time availability: we offer a quick and easy booking engine to sell cruise spaces based on real-time availability by cruise length and type of cabin, discounts and family departures on our website: www.gogalapagos.com in the availability section.
